This sweet bungalow home located in a great neighborhood in Needham with easy access to schools, shopping and commuter rail has been completely renovated from top to bottom! As you enter the front covered porch, you immediately notice the sight lines that allow you to see directly from the front door straight through to the backyard. Hardwood floors and the original charm of the 1924 fireplace carry the charm of yesteryear into the modern day. Chef's kitchen with white cabinets and sleek white quartz complement the Jenn-Air stainless appliances. There is a large 1st floor bedroom, a nice sized laundry room, full bath, living room, dining room and kitchen on the first floor. As you go up the staircase to the second floor, you will notice the abundance of storage on the second floor as well as the spray foam that insulates the home from top to bottom. 3 large bedrooms including a master with a nicely outfitted walk in closet complete with floor. There is a finished lower level that includes a half bath, large utility/storage room and a very spacious playroom area. Sliders off the dining room take you outside to the deck and the beautifully landscaped backyard. There is a shed that will hold all of your supplies as well! There is a wonderful feel to this home!
